About Mikayda Davine

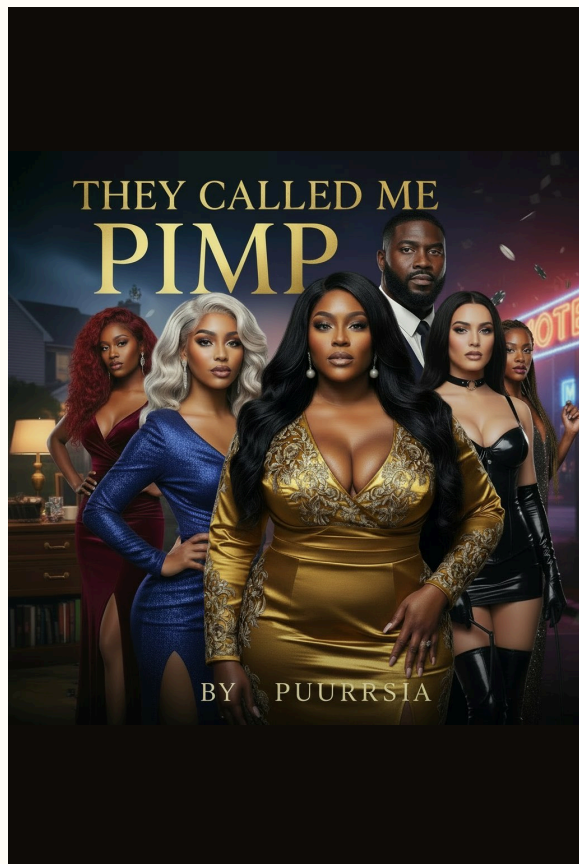

PHOTO CREDIT: MAHOGANY TURNER

Mikayda Davine writes as **Puurrsia**. Born in Indianapolis and raised in the theater by an actress mother, she has lived enough lives for several careers: print and performance in the adult industry, an adult novelty and lingerie business, teaching the art of sensuality — and, in her everyday life, social work.

In her real life she is a **divorced mother of four**, living with a disability, and a **professional actress, voice-over artist, and mixed-medium artist** — of course, an author. She moved to Las Vegas in 2017, joined the Erotic Writers Group, and began turning her imaginings into books.

Her fiction is **sexy, funny, and street-smart**: the crime thriller *They Called Me Pimp*, its companion novel *Sexual Chocolate*, and the erotic comedy *The Misadventures of The King and His Royal Cock*. She lives in Henderson, Nevada.

They Called Me *Pimp*

FAST FACTS

TITLE	<i>They Called Me Pimp</i>
AUTHOR	Puurrsia
GENRE	Crime thriller / Urban fiction
SERIES	The World of <i>They Called Me Pimp</i> · Book One
LENGTH	69,800 words
FORMAT	Paperback · \$15.99
BUY	amazon.com/dp/B0HFB333WC

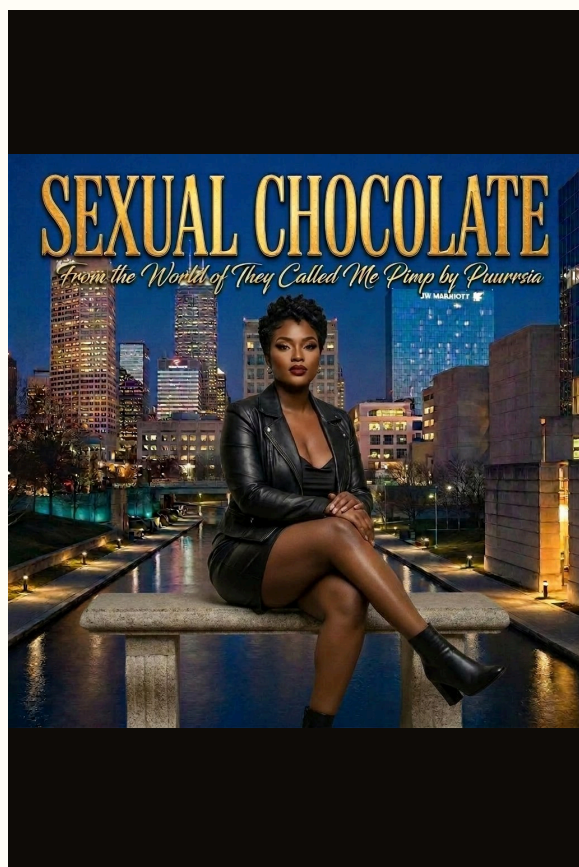

Miss Puurrsia doesn't look like anyone's idea of a criminal. She's a broke, middle-aged social worker driving a minivan full of carpool kids — until her family's last safety net disappears, and she turns the one skill nobody ever paid her for — **reading exactly what people need** — into **Divine Art Supplies**: an escort agency run less like a hustle and more like a family business, complete with weekly meetings, health checks, panic buttons, and an actual etiquette class.

She builds something that protects the women inside it better than any system she used to work for. But success draws exactly the kind of attention she can't afford. A coalition of local pimps and club owners decides she's a threat worth eliminating — and to survive them, Miss Puurrsia has to become someone she doesn't recognize, crossing a line that reclassifies her from businesswoman to **made player** in a world with no clean exit.

What follows is a fight to hold onto her family — her husband, her four kids, and the women who've become her sisters — while a rival agency undercuts her from the inside, a detective circles for his cut, and one of her most trusted girls turns out to be running from a past that was never actually done with her.

Sexual Chocolate

“She learned to survive before she learned to read. She built an empire before she turned thirty.”

FAST FACTS

TITLE	<i>Sexual Chocolate</i>
AUTHOR	Mikayda Davine
GENRE	Urban fiction
SERIES	The World of They Called Me Pimp · First spin-off
FORMAT	Paperback · \$15.99
BUY	amazon.com/dp/B0HFTH7JXQ

Christina Richards learned the rules of survival before she learned much else: **read the room, notice who's watching, never want anything you can't hold onto with your own two hands.** Bounced through the foster system and out of an abusive first relationship, she finds herself dancing for rent money — until Miss Puurrsia walks in.

Inside Divine Art Supplies, Christina finds the family she never had — Amber, Destiny, Cherry, Heather — women who understand exactly what her life costs without needing it explained. But family doesn't mean safe. A predator is targeting the agency's women. A dangerous affair threatens to blow up the business from the inside. And every relationship Christina builds outside those walls teaches her the same hard lesson: **the difference between being needed and being loved.**

Sexual Chocolate is a raw, unflinching, and ultimately hopeful story about the families we build when the ones we're given fail us — and about a woman who refuses to let her past write the ending to her story. For readers of Sister Souljah, Vickie Stringer, Zane, and Treasure Hernandez.

The Misadventures of *The King and His Royal Cock*

COVER ART

In a kingdom where the King's appetites are as legendary as his generosity, a single poisoned supper sets off a deliciously wicked comedy of **power, pleasure, and payback.**

Attended by his fiercely loyal guard Max, his ever-devoted Toilette, and a Queen with secrets of her own, the well-endowed King must survive assassins, alliances, and his own considerable assets — presiding over a court where tribute is paid in kisses and the Royal Cock is rumored to work miracles.

Bawdy, big-hearted, and utterly shameless, *The Misadventures of The King and His Royal Cock* is an erotic comedy about what happens when absolute power meets absolutely no shame.
